

Under Sun Acres Green Energy Inc.

NOTICE OF PUBLIC COMMUNITY MEETING

Under Sun Acres Green Energy Inc. is proposing to build and operate an expansion to the existing natural gas cogeneration facility at the existing greenhouse location 620 Mersea Road 10, Staples, ON which will be submitted into the Independent Electricity System Operator (“IESO”) Long-Term 1 Request for Proposals (“LT1 RFP”) to support the Ontario electricity system increasing needs for capacity and reliability.

As a local business owner and greenhouse operator, Under Sun Acres Green Energy Inc. prioritizes strong community engagement and working closely with local residents, landowners, Indigenous communities, and local businesses to prioritize needs like road safety, minimized traffic disruptions, farm and landowner considerations as well as ensure active involvement in the project planning.

VIRTUAL PUBLIC COMMUNITY MEETING DETAILS:

We understand that making an in-person public meeting may not fit everyone’s schedule and ability to be at the physical location, hence we provide this additional opportunity and invite you to join us at the virtual meeting to learn more about the proposed project on:

Date: December 1ST, 2023

Time: 5:30 – 6:30pm

Meeting ID

meet.google.com/aoh-pkzj-ibq

Phone Numbers

(CA)+1 587-794-5672

PIN: 626 008 684#

Note; if you are not able to join and would like to receive more information, please, visit our project website at:
